From (Name) R. Littlehailes, Esq., M.A.,

To The Secretary to the Government of Madras,

Law (Education) Department.

Sir,

I have the honour to invite the attention of Government to my letter R.O.C.No. 434 C/22, dated 11th June 1923 read in Government Memorandum No. 2613 A-1 dated 16-11-23 and to state that in regard to the Government Muhammadan Girls' school at Mangalore referred to in that letter, further enquiries were instituted as to whether any private body engaged in Educational work at Mangalore was willing to assume control thereof and the Inspectress of schools has reported that no such agency is forthcoming. The Municipal Council, Mangalore has again expressed its unwillingness to take over the management

Ed 250 28 (B) 19-2-24

of the institution. I now suggest the closure of the school as a Government institution and request Government's permission to notify to the Municipal Council that the school will be closed with effect from 1st April next. The Municipal Council which now refuses to take over the management of the school on the conditions stated in the G.O.No. 1132 Law (Education) dated 23rd September 1922, will have to discharge its statutory responsibility for making suitable provision for the Elementary Education of the Muhammadan girls of the town - a responsibility which devolves on the council's under Section 47 of the District Municipalities Act.

2. I may state in this connection that the only Government Elementary schools for girls remaining to be transferred to local bodies other than the one at Mangalore, are the schools at (1) Brucepet, (2) Cuddapah and (3) Ramnad and these have been retained under Government management with a view to their eventual conversion into girls' secondary schools. The Girls' schools at Kumbakonam, Vetapalem, Nizampatam, Ellore and Narasapur mentioned in my letter R.C.No. 434 C/22, dated 11th June 1923 have since been transferred to local bodies (Vide G.Os No. 780, Mis., L.E., dated 13-5-24, 173 Mis. L.E. dated 4-2-24, 52 Mis., L.E., dated 12-1-24 and 114 Mis. L.E. dated 24-1-24). The Government Muhammadan Elementary schools for boys in Madras will, it is expected, be transferred to the Madras Corporation in due course.

3. Should the proposal made in para 1 above commend itself to Government, steps will be taken to provide the permanent members of the staff and establishment of the Mangalore school with suitable posts elsewhere. In the case of persons holding officiating appointments, due notice will be given that their services will be terminated with the closure of the school.

I have the honour to be,

Member, Managing Committee,
Govt. Muhammadan Girls School of Mangalore,
C a m p: M a d r a s.

S i r,

I have been authorised by the members of my Committee, resident in Mangalore to draw the attention of the Government to the utterly inadequate provisions made for the maintenance and continuance of the only Muhammadan Girl's School in this District, in spite of repeated representations and to urge before you the need to allay the very acute --- feeling prevailing among the members of the Community on this account as well as at the repeated efforts of the --- Government to shake the duty of maintaing this institution off their shoulders and to thrust the same on an unwilling Municipality.

I wish to lay before you, a few of the salient points, very briefly that would go to convince, why it is not possible, unlike other Educational Elementary Schools to transfer this school to the care and controll of the --

Municipality or to any other private body.

First of all the medium of instruction imparted in this institution, unlike all other Elementary Schools in the District, is not the local vernacular dialect but Hindustani. This fact is in itself a great drawback in the matter of the school being taken up by any local bodies as they will soon find themselves handicapped in the matter of providing efficient Hindustani knowing mistresses and in the case of leave illness of the permanent incumbant in securing the services of a suitable substitute.

Then again the school which is purely a communal one and maintained exclusively for the benefit of one community is at present housed in a building not suited for the purpose; and proposals and estimate for a new building is pending final sanction with the Director of Public Instruction now for over 3 years, and the financial position of the -- Municipality does not permit of constructing a suitable ---- building for the school nor can the Municipality afford to bear the cost of properly maintaining the School.

Thirdly the school very urgently needs one or two horse carriages for the conveyance of girls, and the bullock bandy at present in use in the most uncomfortable and the -- slowest of all conveyances and the inconvenience caused by this was very pointedly put before the Council on the 6th March 1924 by the Hon'ble Khan Bahadur Haji Abdulla Haji Kasim Saheb Bahadur in his budget speech; and we are gratified to find that our esteemed representative in the Council

through whom this passes has again drawn the attention of the Government to this institution in a speech delivered on the floor of the house not many days ago.

Government are making very landable efforts to --- establish and maintain Elementary schools for the exclusive use of Adi-Dravida boys and girls through out the length and breadths of the land at considerable outlay of public funds, and I feel extremely grieved to have to submit that the --- Government have failed to do all they can towards this community which is most backward in female education; and any -- effort on the part of the Government to transfer the only -- Educational substitute for the education of Muhammadan Girls in the District to the Municipal body does not speak of the solicitude of the Government for the progress and uplift of the Muhammadan Community.

A glimpse of the history of the genesis of this school will show that it was called into being as the result of a deputation of some of the leaders of the Community that waited upon His Excellency the Governor of Madras on or about the year 1908 with an urgent ~~paper~~ prayer for the opening of a school exclusively for the benefit of Muhammadan girls. In 1909 the school was opened with about 20 girls and two mistresses. Since then it has continued and justified its existence amid so many difficulties and obstacles and today with more than 90 girls on the rolls proclaims its right to exist. It is also worthy of note that this institution still in its infancy confronted with so many disadvantages won the cup in Inter --

'school girl's school competition and quite recently it has also won ~~4~~ certificates of merits for its exhibits in the Educational Exhibition.

The inspecting authorities including both the Sub Assistant Inspector and the Inspectress of girls schools are well impressed with the school and they are unanimous in their opinion that with a little more facility and encouragement the institution will thus out to be one of the best of its kind.

The success attained by the school, the first attempt of the Government ought to have encouraged Government to open a few more schools in the parts of District but it is painful to find Government adopting a retrogade ~~step~~ step by trying to -- wash their hands clean of all responsibility by transfering the school to Municipality.

I desire also to draw the attention of the Government to the fact that this is not the only school that is at present under Government control but there are other similar institutions at Nizampatam, Kumbakonam etc., still under the control and manggement of the Government and thereis no reason why of all schools this one alone should be looked upon by Government into so much disfavour.

I have already submitted that this school unlike other schools under the local boards and municipalities has special features and special grounds for remaining under -- Government control.

It is therefore the earnest desire and humble prayer of the members of my community and mine own, that the Government be pleased to maintain the school directly under them as hitherto and to adopt necessary measures to supply the very urgent wants and needs detailed above and thereby give convincing proof of Government sincerity in promoting the cause of Education among the girls of my community.

I beg to remain,

S i r,

Your most obedient servant,

Sir,

p 3 CF p 9

With reference to Government Memo. No. 406 A/25-1 dated 18th February 1925 and their endorsement No. 1185 A-1 dated 3rd April 1925, I have the honour to reply as follows:-

The Collector of South Kanara and the leading Muhammadan gentlemen of Mangalore were duly consulted as regards the discontinuance of the Government Muhammadan Elementary school for girls, Mangalore as a Government institution. The former states that the Municipal Council, Mangalore regret their inability to take over the management of the Girls' school for want of funds. He, further, says that the

school in question is the only Muhammadan Girls' school in the Municipality and in the whole district and that it is advisable to retain it in the interests of the Muhammadan girls of school going age. He also suggests that the school may be allowed to continue and that the Municipality may be granted some annual subsidy to meet the salaries of the staff and the equipment of the school. A copy of the note of one of the Municipal Councillors (Mr. H. Muhammad Sahib) in the matter forwarded by the Collector is herein enclosed .

I beg to point out that, with the transfer of the Government Muhammadan Elementary schools in the city to the Corporation of Madras, no elementary schools will remain under the control of Government with the exception of schools in the Agency, Laccadives and the Amini islands and the three girls' schools referred to in para 2 of the Director's letter to Government R .O.C .No. 434 C/22 dated 27th January 1925. It, therefore, seems undesirable to make an exception in the particular case of the Government Muhammadan schools for girls in Mangalore. At the same time, it appears inadvisable to close the school altogether and I would, therefore, suggest that the Municipality may be pressed by Government to undertake the management of the school. Their unwillingness to do so arises from two causes Viz., firstly, the anticipation that they will be involved thereby in considerable recurring expenditure over and above what is incurred now. This will be chiefly in connection with conveyance charges, the Muhammadan community not being satisfied with the amount at present allotted Viz., Rs.360 per annum Vide G.O.No. 537 Edl., dated 14th July 1908. I think that the amount mentioned in para 2 of the Municipal Councillors letter referred to above is extravagant and in any case it should be possible to get some contribution from the Muhammadan community towards such expenditure. In the second place the council are likely to be faced with the question of providing a new building for the school.

12

3.

The net cost to Government of maintining the institution during the last three years has been as follows:-

1922-23.	1923-24.	1924-25.
Rs.1783	1770	1875

5,428/3 1,809. 3 years.

I recommend that a subsidy equal to the average cost of maintenance of the school for the last 3 years might be granted to the Municipality and an additional ~~xx~~ amount for meeting the enhanced charges on account of conveyance. In other words, the Government might give the Municipal Council a round sum of Rs.2000 as subsidy for the maintenance of the school and at the same time promise a half subsidy towards non-recurring expenditure on buildings.

The existing furniture and library could be handed over to the Municipality subject to the condition of their being used for educational purposes only.

The school is held in a rented building and the charges thereof are included in the subsidy payable to the Municipality.

Copy of note dated ~~Mangalore~~, 15th December 1921 from H. Muhammad Sahib, Municipal Councillor, Member of the Educational Committee and the member of the Board of Advisory to the Muhammadan Government Girls' school to the Chairman, Municipal Council Mangalore.

In my opinion ~~is it~~ it is not advisable for the council to take up the management of the Government Muhammadan Girls' school for the following chief reasons.

1. The ~~xx~~ school requires badly at present a specious and thoroughly ventilated building with an extensive compound surrounded by high walls for the gosha girls. The present school building is not at all fit for the purpose and owing to the absence of any other suitable building this has to be continued till a new one is built To acquire a suitable plot and to construct a decent building for the gosha girls will cost at least Rs.10,000. The estimate of the cost of the building and the plot with plans are pending before the Director for the last one and a half years.

2. The school requires at least 2 gosha jutkas to convey the girls from their respective houses situated in the different corners of the town to the school and vice versa. The maintaining charges of the two jutkas will come to at least Rs.65 plus Rs.65 i.e. Rs.130 per month. Now only Rs.30 is given as allowance for the maintenance of a bullock cart and as such the attendance of the girls is very poor and very unsatisfactory and the bandyman has made several petitions to the Inspectress and even to the Director stating his grievances and requesting to increase the amount to Rs.65 per month which is not yet granted for which there is a likelihood of his discontinuing.

3. This school is one where Hindustani is taught to the girls As such it is very difficult to get efficient and trained Hindustani mistresses unless they are paid a decent salary of not less than Rs.45-50 per month and they are to be brought from Madras or so as it is not

possible to get them from Mangalore. And at least two or three mistresses are required for the management of the five classes which are in the school at present. Here at present there is only one trained and Hindustani passed mistress who is the Headmistress. Now she is not likely to continue here on the same pay if it is transferred to the Mangalore Municipal management as she holds a permanent post in a Government pensionable service and she can get herself transferred to ourside Mangalore to any other Government Hindustani Girls' school.

4. As the Municipality has no other Hindustani Girls' school and also it is not possible to get Hindustani trained mistresses here, it will find extremely difficult to manage the said school.

Under all these circumstances, chiefly, I am of opinion that it is not at all advisable to the council to get transferred the management of the said Government Muhammadan Girls' school from the Government. If the Government is prepared to get a new building constructed and if they pay the required salaries of the mistresses and also maintaining charges of the two jutkas, the Municipal council may take up the supervision of the said school but not the manage-ment.

Closure of the Govt. Muhammadan Elementary school for girls, Mangalore.

CL.M. 406-A. From the D.P.I. No. 434 dt. 27-1-25.

It does not appear desirable to entertain the D.P.I's proposal to close the Government Muhammadan Elementary School for girls, Mangalore, without consulting the Muhammadan gentlemen of the town. There is no statutory obligation on the Municipal Council to maintain schools for the benefit of special communities. The D.P.I. may, it is submitted, be asked to consult the Collector of the district and also leading Muhammadan gentlemen of the locality on the proposal made in his letter and to submit their views to Government. No doubt the D.P.I. says that no private agency engaged in Educational work at Mangalore is willing to take over the school. Apparently he refers to Mission agencies.

(C.No.2747-A) From the D.P.I No.265 A/25 dated 21-7-1925.

The D.P.I recommends that pressure should be brought on the Municipal Council, Mangalore, to take over the Govt.Muhummadan Girls' School at that place under its control. He also recommends the payment of an annual subsidy of Rs.2000 to the council (i.e, Rs191 more than the present average cost of maintenance of the school) to enable the Municipality to make increased provision for conveyance charges of ~~state~~ Govt pupils

2. The school is now located in a rented building and a sum of Rs.20 p.m. is being paid as rent. The D.P.I recommends a half grant to the Municipality for the construction of a new building. He apparently proposes to continue the full subsidy of Rs.20,000- even after the school moves into the proposed new building.

3. Before ascertaining whether the council is prepared to take over the school on the above conditions, the remarks of L.S.G and Finance Departments may be invited.

proposed by the D.P.I. if agreed to by Fin Dept also may be put to the C. & its opinion invited on the terms proposed. If it is still unwilling the School may continue to be under Govt control as desired by the prominent Muhammadan gentlemen of the town.

Cer 7/8/25

From the DPI's letter on page 1 of C.f it would appear that the municipal Council is unwilling to take over the girls School as such a step would eventually involve a) additional maintenance charges & b) provision of a suitable building.

The Council is certainly wise to look ahead and calculate the expenditure it will be committed to if it takes over the School.

2. The D.P.I. does not say whether the terms of transfer now proposed viz an annual subsidy of Rs 2000 towards maintenance charges and half the cost of the building, were put to the Council. This may now be done and we may hear what the Council has to say

3. The DPI's argument that the Council is bound to provide for the Education of muhammadan girls is not quite correct as under rule 47 of Sch. IV of the rules such obligation is limited by the funds at the disposal of the Council
